The advertisement that tells is the ad that doesn't try to tell too much.

FORTY-THIRD YEAR NO. 32.

CEDARVILLE, OHIO, FRIDAY, AUGUST 6, 1920

PRICE, \$1.50 A YEAR

SHEEP MEN GIVE TIP TO PUBLIC

Ohio Sheep men are going to have an exhibit at the Ohio State Fair that will open the eyes of the public who have been hearing about "all wool" in clothing.

There is a nation wide movement to educate people along this line at "all wool" to the trade means "shoddy". It is true that garments may be made of all wool and not virgin wool. The all wool is just wool taken from discarded clothing which is cleaned and re-dyed for new garments. Some-times it is worked up with some virgin wool to improve appearance of the garments.

Use of shoddy in making clothing is doing much to increase the cost of living. It is doing more than any one thing to demoralize the sheep industry in this country. So long as shoddy can be used there will be no demand for virgin wool.

It is charged that by using "shoddy" manufacturers can charge practically the same prices as they could for all clothes made of virgin wool because the buying public does not know the difference.

County Commissioner R. D. Williamson of this county is a member of the State Board of Agriculture and is head of the sheep department.

COLLEGE NOTES.

The first semester of Cedarville College will open this year on Wednesday Sept. 15th. Registration will take place on Tuesday, the 14th. The opening address will be delivered by the Rev. H. C. Foster, D. D., pastor of the Presbyterian church, Forest, O.

The college may this year have the largest attendance in its history. A far larger proportion of old students is returning than ever before, and the outlook for new students is particularly good.

Every member of the Cedarville High School's graduating class this year will enter Cedarville College except one. There is a reason. That speaks well for the college and well for the class and their parents.

Miss Thelma Deacon, honor graduate this year at Xenia High School, will enter the freshman class and has already secured the rank of valedictorian.

Miss Thelma Deacon and Miss Lucille Cottrell, of the Cedarville High School, will room together. Mr. John Waite, of Ellwood City, Pa., who was compelled to give up his work at the beginning of the second semester last year, writes that he is much improved and expects to take up his work here this fall.

President McChesney and his family are enjoying a very pleasant vacation at Quincy, Mass., guests of Rev. T. R. Turner, D. D., and family. He is visiting all of the historic scenes and sites and the haunts of the literary lights of New England, and when he returns will have material for a thousand new lectures. On his way East Dr. McChesney had a pleasant visit with Miss Hathway, the new science professor, in her home in North Tonawanda, N. Y. He was much impressed with her personality and ability.

The Freshman class last year was the largest and "poppiest" in the history of the institution. As Sophomores this year, will they have to take a back seat? They say they won't, but-time will tell.

Miss Lucille Cottrell, formerly of Cedarville, has just graduated from the London High School and comes here next year to take both piano and voice in the College. She is said to be a fine basket-ball player.

Rev. R. H. McElhinny, newly elected Professor of Education, has just returned from a special course in the University of Indiana.

The Duncan boys will both be back this year and will bring two new boys with them.

Carl Elder is teaching this summer in the E. P. mission school in the mountains of Breathitt county, Kentucky. He will re-enter college in September.

BOY SCOUTS HIKE.

Five of the Boy Scouts, McCloud, Stewart, Forest, Nagley, James McMillan, Ward, Gravelly, Lloyd Cummings, with the Scoutmaster, V. E. Buehler, hiked to London, Monday. It is 22 miles to London and the boys walked about 16 miles of the way. They cooked their dinner 4 miles beyond South Charleston. Many opportunities were given for rides and the utmost courtesy was shown the boys wherever they stopped.

Upon reaching London, Hon. C. C. Crabbe, author of the Crabbe enforcement act, took the boys to the fish hatchery and State prison farm, telling them many interesting events of years gone by and many of the present time. Mr. Crabbe went to the Harding notification meeting some time ago by airplane. The boys pronounce it a wonderful trip.

MARYLAND REUNION.

The annual reunion of the Ohio Marylanders' Association will be held this year at Snyder Park, Springfield, August 28.

COUNCIL MEETING.

Council met in regular session Monday evening, all members present. Bills to the amount of \$377.75 were ordered paid. Mayor's receipts of \$15 were reported.

As the Xenia workhouse has been closed Prosecutor H. D. Smith advised that all such cases of that nature be made state cases and have them bound over to the county, where prisoners are sent to the Dayton workhouse.

Several complaints have come to council about the unsanitary conditions in various parts of town. A motion was offered that Dr. Grube, county health officer be notified of these conditions. However on call of the vote the motion was lost. The majority members felt that as the legislature had taken in the health control away from the villages that they should keep their hands off. The county is paying a big salary under a law forced through the legislature by the Ohio Medical Association to provide jobs for physicians and it was felt that if Dr. Grube was attending to his duties it would not be necessary for council or anybody else to have to take such action.

D. S. Krivan has asked for the closing of an alley at the rear of the Boyd livery barn along the T. R. Anderson property. The matter was referred to the solicitor for an opinion.

FREE CHAUTAUQUA TICKETS.

Here's your chance, boys and girls of Cedarville, to get a real live chautauqua ticket for nothing. Don't believe it, eh? Well, you just listen to this.

The executive officers and Geo. W. Peoples, advertising superintendent, have planned a "Hunting" contest for the purpose of arousing interest on the part of the children in the chautauqua.

Four Junior Season tickets, good for all sessions of the Chautauqua, will be hidden sometime during the night of August 6th. Each one will be hidden in some prominent place about town, such as in some store window in plain sight among other objects, or in some similar place. Just when the tickets will be hidden and just who is to do the hiding will remain a secret until after the contest is over. The time to look for the tickets is over at midnight on the morning of August 7th the hunt will begin.

This will be lots of fun for everybody. There are no strings to the contest. Every boy or girl in town with in the above ages can take part. Look everywhere. You may be the first one to find one of them.

THE WOOL QUESTION.

There was an interesting letter in the Ohio State Journal several days ago from W. W. Reynolds, treasurer of the Ohio Wool Growers' Association. The writer states that his association has about a million pounds of nice clean wool stored in Columbus. The same amount at Wheeling, W. Va., and about four times that amount on the farms in Ohio.

The writer quotes from a New York paper that the American Steamship, West Islets, is in port at Boston with a cargo of wool machinery, 1700 tons of rags and 525 bales of rags and cuttings and many cases of dolls from Germany.

All this coming into this country to make shoddy clothing and only enough good wool will be used to make the threads to carry the short, smooth fine fibers of the depraved stuff out of the mills and stores.

There is enough good wool in Columbus to last the wearers 10 years and make 250,000 good suits yet in comes a cargo of trash to make twice that many suits of shoddy material.

YEAR FOR PUBLISHERS.

The newspaper and publishing business is well represented on the national tickets that will be voted on next November. Everybody knows that Warren G. Harding is editor of the Marion Star and that James M. Cox is the same of the Dayton News and the Springfield News. But there are others. Max Hayes, Farmer-Labor nominee for vice president, is editor and publisher of the Cleveland Citizen. Richard C. Barnum, Single Tax nominee for vice president, is head of the R. C. Barnum Co., book publishers of Cleveland. It should also be noted that these four men who have prominent places on four of the national party tickets, are all residents of Ohio. Truly this is a good year for newspaper men and publishers in Ohio.

1228 UNTAXED HOUSES.

Clark county has just had a new reappraisal of land in town and township. As a result 1228 new buildings were discovered that were not taxed. It is said the new valuation cost the county about \$50,000. The State Tax Commission has ordered a new valuation in this county next year. The plan the state has adopted is said to be very expensive but county officials cannot help themselves. We have too much interference in county and municipal affairs by the state.

G. F. SIEGLER GOES TO MARIETTA

George Siegler, who has been connected with the Sentinel since last December, as manager, has accepted a position as Superintendent of Music in the public schools at Marietta.

This is the work of his first love, and the one he has always been most

GEORGE F. SIEGLER.

interested in. This is known to be the best musical position on any Ohio city, excepting that of Cincinnati and Cleveland.

The position carries with it a splendid salary and superintendent over the eighteen schools. It was with regret the Sentinel owners accepted the resignation and with deep regret Mr. Siegler tendered it, and not only until the last minute when the time came that the school board at Marietta demanded his services. Not only do the owners of this old banner of liberty and truth dislike to see this man leave us, but the entire office is in mourning over departure.

Our best wishes go with him, and all who know his ability as a businessman, and as a musician and a gentleman, are quite certain he will succeed in his work, as he has had years of success as a musical director in this section of Ohio.

—South Charleston Sentinel.

George W. Peoples, advance advertising superintendent of Col. Albert Chautauquas arrived Tuesday and is here for the week, taking charge of the advertising and helping the local Chautauqua committee in the wind-up of its preliminary ticket campaign.

Mr. Peoples reports a fine program is in store for chautauqua patrons this season. One of the advertising features will be seen at the Richards' Drug Store window and will show the Platform superintendent, Junior Leader and crew men who are scheduled to come for the chautauqua next week as well as the talent.

A LETTER TO VOTERS.

To the Voters of Greene County, Ohio, Gentlemen:

More than one year ago I was appointed to the office of County Surveyor of Greene County, Ohio, and am now a candidate for election to said office to complete the unexpired term, and for the ensuing term, subject to the Primary Election to be held next Tuesday.

The duties of the Surveyor at this season are so many and various that it is impossible for me to make a personal canvass of the entire County, and this letter is meant as a personal appeal for your endorsement of my efforts to faithfully serve the County in all the duties pertaining to the Surveyor's office.

I respectfully solicit your support and thank you for it.

Very truly yours,
W. J. Davis,
Surveyor of Greene County, Ohio.

OHIO STATE UNIVERSITY.

The Ohio State University will celebrate its Golden Jubilee during the week of October 11. The celebration will cover four days and some of the greatest educators in the country will have part on the program.

TWO MORE SOLD.

Owens & Son report the sale of two Chevrolet automobiles. One to B. H. Little and the other to T. W. St. John.

R. A. Murdock has installed one of the latest National Cash Registers on the market. It is one of the kind that carries all the business by departments and is electrically operated.

Mr. and Mrs. W. L. Clemens are entertaining Mr. Clemens' aunt and cousins, Mrs. Charlotte Groves and Miss Marie Groves of Van Wert, and Miss Elizabeth Moorman of Jamestown.

Wanted: Position open as manager of creamery station for man or woman. Man wanted also to drive truck and gather cream. For particulars apply at this office.

NEW SCIENCE PROFESSOR.

Miss Millicent Hathway, of North Tonawanda, New York, has been selected Professor of Science and Mathematics in Cedarville College to succeed Miss C. Lois Reed who resigned last spring. Miss Hathway is a graduate of Wells College, Aurora, N. Y., where she was in her senior year president of the Wells Science Society, an organization for particularly able students in science and mathematics. She also won the science prize, given to that member of the graduating class who obtained the highest rank in natural sciences. Miss Hathway is highly recommended for her excellent scholarship, ability, personality and character. She is a member of the Presbyterian church. During the coming year she will give courses in General Chemistry, Qualitative Analysis, College Physics, Botany, and Calculus.

NEW ELECTRIC RATES.

New rates for electric light and power are not far distant. Judging by surface indications, Mr. Fitzpatrick, representing the Dayton Power & Light Co., arrived into town Monday evening but had not had a formal meeting until the afternoon. It was necessary to have a meeting with steam coal dealers to get a ton. He had just come from Charleston where the subject was under consideration.

In the second place the company has filed a new rate schedule with the Ohio Public Utilities Commission for its service in all townships. It stands for the commercial rate, increased to 11 cents per kilowatt hour.

SCHOOL TRUCKS.

Two of the school buses on display at the fair this morning are the object of much interest. All who have seen them, Mr. and Mrs. Reed truck in town last evening to show to the school board. It was equipped with the latest features. It was much praised for its appearance and the comfort it will be provided for the children. The school board will be holding a meeting to consider the purchase of such trucks.

HAVE YOU FORGOTTEN THIS?

It is not generally known that a permit must be secured from the county auditor before any kind of a building or structure costing over \$200 can be erected anywhere in this or any other county in the state. The object of the law is to make it possible to keep tabs on new homes, factories, buildings for the purpose of taxation. The law became effective September 1918. The failure to report means a fifty per cent penalty for each year the building has been erected.

NOTICE TO HUNTERS.

There is some confusion over the time the squirrel season opens. Those who have the present game laws will find that the season opens August 20 and closes September 30. This was correct at the time the laws were printed but afterwards the legislature changed the date to September 15 for the opening and October 20 for the closing. The licenses will have the former dates but do not get confused.

OUR BUSY TUESDAY.

Tuesday afternoon was a busy time for county candidates in town. There was R. D. Williamson for commissioner; Frank A. Jackson for treasurer; Perry Shumaker for county surveyor; W. J. Davis for county surveyor and Candidate Fawcett for commissioner.

NEW POSTAL RULING.

According to a new postal ruling issued Saturday, suit cases, hand bags and auto tires must carry besides an address tag, a duplicate name of sender and addressee fastened to article. In addition another duplicate should be placed inside suit cases or bags. The order is given to prevent the loss of these articles as the tags are often torn off.

TO THE PUBLIC.

Owing to delay in getting my truck and the fairs and chautauqua, I will not start my grocery truck until Monday, August 16. I will have a complete line of standard groceries and notions. My poultry and eggs taken in at the highest market price, cash or trade.

Wm. Marshall.

TEMPERANCE WORKER KILLED.

Former Governor Frank J. Hanley, noted temperance worker was killed in an automobile accident Sabbath near Dennison, O., while crossing a railroad track. The other occupants of the machine, Dr. and Mrs. C. M. Baker of Dennison were also killed.

SCHOOL BOARD MEETS.

A meeting of the school board was held last Friday night at which time plans were discussed for the new garage for the school trucks. The board will use its own judgment about the location of a garage suitable for all purposes and placed without danger to any property, should fire occur.

The board has not the funds to provide such a building as the state inspectors recommend and to carry such a debt would be unfair to the tax payers. If the building was to be erected in a thickly built-up section of town or near other buildings it would be different. As it is the building will be on the school grounds far from any other buildings.

Once more all the vacancies in the teaching force have been filled. Miss Jane Mitchell of London will teach domestic science. Miss Helen Oglesbee will also become a member of the high school faculty. Members Lift and Tarbox were appointed to plan a suitable building for the garage which will be about 26 feet square. The board employed A. E. Huey to look after the trucks and act as driver of one of them.

WILL VISIT KELLY.

Henry Ford, of Detroit, is to be a visitor this fall at Whitehall Farm, near Yellow Springs when he will inspect the farmer's dairy farm. Mr. Ford and Mr. Kelly have been friends for some time.

POLITICAL ANNOUNCEMENTS.

We are authorized to announce the name of R. E. Cory as a candidate for County Commissioner (second term) subject to the Republican Primary, August 10th, 1920.

The Cedarville Herald

Karl Bell,

EDITOR

Entered at the Post-Office, Cedar-
ville, O., October 21, 1887, as second
class matter.

FRIDAY, AUGUST 6, 1920.

THE PRIMARY TUESDAY.

Tuesday is the day for the state,
district and county primary election.
At this time candidates for all state
offices from governor down, a United
States Senator, district senator, Con-
gressman and county officers with the
exception of Probate Judge and Coun-
ty Auditor.

There is a long list of candidates
for the various offices. The state can-
didates have introduced themselves
through the mails. The county can-
didates have presented their claims
and you should by this time know
of their qualifications and ability for
the office they seek. If you do not take
this position you are not fair to your
self or doing your full duty as a citi-
zen.

The Republicans have all the attrac-
tion so far as the county ticket is
concerned. The Democrats have a few
contests on the state ticket but their
show will be lame. Each voter must
vote his party ticket. Democrats get-
ting the Democratic ballot and Rep-
ublicans the Republican ballot.

REPEAL IS PLEDGED.

Senator Harding has come out for a
repeal of the excess profits tax that is
eating up the country and costing
consumers of necessities more than it
should. Congressman Fess is also
favorable to a repeal of this law. The
law has encouraged high prices so
that the government could tax 80 per
cent of the profits.

RAIL FARES GO UP.

The interstate commerce commission
has granted the increase in passenger
fares amounting to about 20 per cent.
With it Pullman fares go up fifty per
cent. Freight rates go up from 25 to
40 per cent owing to the action of the
country, the west getting the
highest rate of increase. The increase
was necessary to meet the new wage
demands of the unions.

THE COUNTY FAIR.

The Greene County Fair this week
has proved the usual big attraction.
The attendance for all days has been
above the average and the exhibits
beyond anything of former years.
In the show ring and race tracks
there never was a larger list. The
free cards were crowded and it was
necessary to carry over space from
one day to another.

In the Wednesday 2:30 race E. E.
Stansel, aged 50, Dayton, was badly
injured when his horse, Ed. J. S. fell
over Kid Bale, which stumbled and
fell in a heap. Longman drove the
other horse and sustained a broken
arm. Stansel has been in a very crit-
ical condition at the McClellan hos-
pital.

It is certain the fair board will in
another year have to provide parking
rules on the grounds to care for the
automobiles. This year it was hard to
find a place and the machines were
parked just any old way. Parking
rules would provide more space and
machines could be gotten out in reg-
ular order without confusion.

G. H. HARTMAN, Secretary

BROWN GROWING IN POPULARITY

The Slogan, "One Good Term
Merits a Second," Se-
cures Endorsements.

Columbus, O.—(Special).—The gen-
eral endorsement throughout the
state of the candidacy of Lieutenant
Governor Clarence J. Brown for a
second term is most gratifying to
Republican leaders here, who look
upon this almost universal expres-
sion of preference at this time as an
indication of added strength to the
state ticket for the fall election.

Aside from having the open sup-
port of organized labor, Lieutenant
Governor Brown has had numerous
endorsements by the leading farmers,
business and professional men's or-

CLARENCE J. BROWN.

Candidate for Re-nomination for
Lieutenant Governor on the
Republican Ticket

Sanitarians throughout the state.
Members of both houses of the state
legislature are most active in his sup-
port, as has been one of the most
popular, fair and efficient presiding
officers ever elected in Ohio.

The various county and district Re-
publican party organizations are
unanimous in seeking Brown's re-nom-
ination and re-election to his second
term, Hamilton county being one of
the counties in the state to endorse
Brown, although one of his opponents
is a resident of that county.

Among the party leaders and Re-
publicans generally throughout the
state there is a growing sentiment
that the coming primary is an oppor-
tunity to demonstrate the party
policy, "One good term merits a se-
cond term," and that by making
Brown's majority at the primary as
large as possible will evidence party
strength in Ohio and forecast an old-
time Republican victory for the entire
ticket in November.

Mr. Brown won his nomination for
lieutenant governor two years ago
from a field of eight candidates, and
was elected by 35,102 plurality. He
is 30 years of age, married, has two
children and at present is managing
editor and part owner of the Star-
Republican, a newspaper published
in his home town, Blanchester, O. A
graduate in law of Washington-Lee
university, he presided over the state
senate through the longest session in
its history and established an unpar-
alleled record, as there was not a
single successful appeal from his de-
cisions. No other lieutenant governor
of Ohio has such a record.

Have your old Furs remodeled, re-
pairing or cleaned—we will ad-

LOCAL CANDIDATE FOR COUNTY TREASURER.

Home pride should roll up a big vote in each of our precincts next Tuesday for our native fellow-townsmen, Frank A. Jackson, who is seeking the office of county treasurer at the primary.

Mr. Jackson for a number of years was the efficient township clerk. He also served as clerk of the board of education. His administration of these offices and his personal popularity

were valuable to him when he made the race for county sheriff and won by a handsome majority.

Mr. Jackson is now before the primary seeking the nomination as county treasurer. His experience in clerical work in his various offices makes him a logical candidate and he enters the contest with a strong following as the result of his past service, a record well-known by his hundreds of friends from all parts of the county.

We bespeak for Mr. Jackson a good vote in this section of the county where he is favorably known. Let town and township once more come to the front with a handsome vote for one of her sons.

CHAUTAUQUE SHOULD BE OF INTEREST TO ALL.

The chautauque coming next week as it does should have the solid support of the community and the task of bringing this educational treat should not have to rest on the shoulders of a few guarantors.

There are many people here as elsewhere that want the chautauque yet they will not give it the support necessary other than probably by the purchase of tickets. It takes much effort to arrange for this event and look after the details to make it a success. This in the past has always been left to a few persons. It should not be thus.

We have never had a failure here on the sale of tickets. The community cannot afford to let the guarantors fall down on the ticket sale this year. It will be the financial success as in years past if each one of us has done his or her part.

Let each one see if we have done our part towards making this chautauque a success.

The ticket sale is now on. Give it your support and keep our community on par with others, some of which are probably less able.

POULTRY: Remember I buy poultry at the highest market price and will call for any amount any time. Wm. Marshall.

FOR SALE:—Jersey cow fresh, A. I. Gentle. Heating stove, kitchen cabinet, rabbits, vinegar barrel. Call on or before Tuesday, Aug. 10. Wm. T. McKinney, Clifton.

Pots Used to Swell Sound.

The ancient Greeks, to secure resonance without the use of woodwork, placed under the seats of their theaters earthen pots, with the mouths turned toward the stage, the vibrating mass of air in these serving to reinforce the sound.

R. D. WILLIAMSON A GOOD MAN FOR IMPORTANT PLACE

There is one man running for a county office seeking the nomination Tuesday for county commissioner solely upon the basis of his merits as proven by his record.

R. D. Williamson has a record for service in this county that is unequalled. His experience in county management for the benefit of the taxpayers is valuable. His knowledge and theory of road building, the most important function of county government today is recognized by all.

We may disagree with some of the policies of the state on how and what materials should be used for road construction, but the fact remains that we must conform to these requirements under the laws that exist. Before any official can do different we must first have our present

R. D. WILLIAMSON.

road laws changed and this power lies with the people in selecting lawmakers.

Mr. Williamson is a man of broad business vision. He is always on the job. He is giving service to the county. He knows the multitude of little things that go with the office that are of immense value to those seeking information as to what can be done and what cannot be done. No set of men in the county have a better idea of the service Mr. Williamson has and is rendering the county than the various township trustees. His advice on improvements, his willingness to assist and serve are marked and these men are loudest in their support of his candidacy. Mr. Williamson is also familiar with the legal requirements and the routine necessary for any undertaking that comes under his duties. From outside sources we find his services sought for the benefit of the state. Republican and Democratic administrations recognize his ability as a representative, consequently his membership of the State Board of Agriculture.

FACTS CONCERNING W. J. DAVIS

COUNTY SURVEYOR AND CANDIDATE FOR RE-ELECTION.

Nearly three years ago, W. J. Davis was called to Greene county from the Ohio State Highway Department to assist in completing the road work for the county. His eighteen years of experience as a civil engineer in the service of the U. S. Government, the Ohio State Highway Department, and with railroad companies, in building roads and bridges have well fitted him for the valuable service he is now performing for Greene county.

His high sense of justice and his expert knowledge of materials and their values, together with his thorough and pains-taking performance of all duties, were recognized by all who came in contact with him, and he was at once appointed Deputy County Surveyor, since which time he has been a resident and taxpayer of Greene County.

When a vacancy occurred in the County Surveyor's office, Mr. Davis was unanimously selected as County Surveyor in recognition of the valuable and efficient work he had done and was doing for the county. His conduct of the office has been highly gratifying to all those who are responsible for his appointment, and to all with whom he has come in contact, due to his courteous treatment, efficient work, and square dealing.

Mr. Davis is a graduate of the Ohio Northern University in the department of Civil Engineering. He is a willing and conscientious worker, a tried and proven public servant, and his conduct of the office he now holds merits his retention in the Surveyor's office of Greene County, Ohio.

If you desire to do Greene County a real service, go to the polls on August 10th, 1920, and place your mark in front of the name of W. J. Davis.

MEN YOU CAN SAVE \$20 OR MORE HERE ON A HART SCHAFFNER & MARX SUIT

On your next trip to Cincinnati it will pay you to visit our store and take advantage of the unusual clothing values.

Hart Schaffner & Marx received thousands of yards of fine woollens 90 days late; too late to fill their regular orders; nevertheless they made these woollens up into suits and sold

a large number to us at low prices.

Each suit is of the latest metropolitan style and distinctive fabric. Every one tailored by Hart Schaffner & Marx.

We're giving you the benefit. Clothes like these cannot be made at wholesale today for these figures.

At the Primary Tuesday, August 10th,

Vote for

X FRANK A. JACKSON

Cedarville Township

REPUBLICAN CANDIDATE FOR

COUNTY TREASURER

OF GREENE COUNTY

Mr. Jackson was born and raised in Cedarville. A life-long Republican. Served two terms as Sheriff of Greene County and was previously Clerk of Cedarville Township. His experience in county affairs and his ability make him the logical candidate.

YOUR SUPPORT WILL BE APPRECIATED

J. PERRY SHUMAKER

Born and raised in Greene County. Graduated from Xenia High School. Attended Antioch College. Studied Civil Engineering at Purdue University. Three years with Penn. R.R. as Civil Engineer. Three years City engineer of Xenia. Three years as Consulting Civil Engineer. Designed and laid out Dood's addition of Xenia.

NOW A CANDIDATE FOR

COUNTY SURVEYOR

Greene County

Your vote for a "Home" Candidate is solicited and will be appreciated.

AUGUST 10-14 G. H. HARTMAN, Secretary

Many Uses for Seaweed. In England seaweed finds utility as a fertilizer for potatoes and as a base for straw hats, while the native fishermen of South Australia make ropes and fishing nets from local varieties. A certain variety, known in Ireland as "topa," has been recommended by a famous physician as a cure for rheumatism and throat affections. It is eaten hot, while in some parts of England and Wales a variety of seaweed, known as "laver," has been in demand for years as a vegetable. Served with roast meats, it is said to be extremely palatable.

Three English Institutions. Wherever the sons of Britannia meet, three great and unmistakably English institutions set them apart from other races and creeds: Tea in the afternoon, handkerchiefs pushed up the sleeves and "drees" for dinner.
